

CREATIVE LIVE! MEET 4K

4K UHD Conference Webcam with Auto Tracking

The Creative Live! Meet 4K is setting new standards for clarity, versatility, and video engagement with its wide-angle field of view, adjustable digital zoom, 4K UHD resolution, and cutting-edge Sony STARVIS IMX415 CMOS imaging sensor. This conference camera speakerphone will bring a new level of clarity to every virtual meeting, classroom, and even recreational hobbies.

4K UHD CONFERENCE WEBCAM - Capable of delivering 4K UHD resolution, Creative Live! Meet 4K gives remarkably detailed and smooth visuals. It's UVC compliant and requires no additional driver installation, and is compatible with PC, Mac, and most popular conference apps like Zoom, Skype, WebEx, and Teams

E-PTZ AND 7X DIGITAL ZOOM, FROM CLOSE UPS TO PRESENTATIONS - Go from an optimally spaced zoom range that fits 3-6 pax in a group presentation, to perfectly framed head-to-shoulder view. You can also pan, tilt, or make zoom adjustments without needing to physically move the speakerphone

WIDE VIEWING ANGLE OF 115° - the Creative Live! Meet 4K provides unparalleled coverage, making it ideal for accommodating multiple participants or capturing a wide range of visual content

BUILT-IN MICS AND SPEAKER - With 4 ultra-sensitive omni directional microphones, your voice gets picked up clearly and accurately, and you will come off sounding natural and realistic; almost as natural as talking face-to-face

AI TECHNOLOGY AND SMART COMMS FEATURES - It also comes with our SmartComms Kit, a suite of smart communication features, including NoiseClean-out that removes unwanted background noise, via the downloadable Creative app for Windows
